AUDITOR'S REPORT

To the Members of the Legislative Assembly
of Saskatchewan

I have audited the balance sheet of the Victims' Fund as at March 31, 1991 and the statement of revenue, expenditure and fund balance for the year ended March 31, 1991. These financial statements are the responsibility of the Fund's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Fund as at March 31, 1991 and the results of its operations and the changes in its financial position for the period then ended in accordance with the accounting principles disclosed in Note 1 to the financial statements.
